

Culture of Excellence & Ethics Assessment® (CEEA)

CEEA-Workplace surveys support development of the organizational cultural assets that promote excellence and ethics. Typical assessment includes a survey of employees and a survey of leadership and management. Additional components allow comparisons by type of employees, by department, by geographic location of branches or affiliates, and so on.

Assessment services include coaching sessions with organizations' leadership and workshops for various levels of management staff and employees focusing on integrating data into decision-making process and improvement efforts.

CEEA Surveys measure the culture and competencies of:

- Work Ethic, Critical Thinking, Goal Achievement
- Communication, Collaboration, Teamwork
- Integrity, Responsibility, Leadership
- Priority Management, Stress Reduction, Well-Being
